

# ESSENTIAL RELOAD: PREBIOTIC BOOSTER

  
LENDAN

**Family**  
BEAUTY

**Ref**  
1241005

**Presentation**

**Applications**

- **Description**

Prebiotic booster suitable for all skin types.

- **Effect**

Innovative active concentrate that acts like a SUPERFOOD for the skin, providing nourishment, repair and a soothing effect.

- **Properties**

Strengthens the skin's NMF (natural moisturizing factor) and its natural defense system to ensure a correct balance, achieved thanks to its high active prebiotic content. Boosts and stimulates the process of skin renewal and protection. The synergetic action of its active ingredients repairs and reestablishes the epidermal barrier providing maximum facial well-being and comfort from the very first application.

Its decongestive and soothing action makes it ideal for providing instant relief whenever the skin is irritated and sensitized.

- **Key components**

**Bio-algae.** This prebiotic compound, with significant nutritional properties (Superfood) and has been shown through external studies to have the capacity, not only to boost microbiome balance (prebiotic effect), but also stimulate regeneration of the skin's epidermal cells to produce a revitalizing and rejuvenating effect.

**Aloe Vera** The range is formulated with an Aloe Vera concentrate, to obtain maximum soothing and antioxidant results as well as effective hydration.

**Avenanthramide:** known as the main calming active of oats, its aim is to reduce the itching, discomfort and redness of sensitive skin.

- **How to use**

Gently massage a few drops onto clean skin.

Given its concentration of active ingredients a few drops can be used to boost the effect of the other creams or masks.

- **Sales arguments**

Innovative active concentrate that acts like a SUPERFOOD for the skin, providing nourishment, repair and a soothing effect.

Strengthens the skin's NMF (natural moisturizing factor) and its natural defense system to ensure a correct balance, achieved thanks to its high active prebiotic content. Boosts and stimulates the process of skin renewal and protection. The synergetic action of its active ingredients repairs and reestablishes the epidermal barrier providing maximum facial well-being and comfort from the very first application.

Its decongestive and soothing action makes it ideal for providing instant relief whenever the skin is irritated and sensitized.
