**Presentation**

**Applications**

- **Description**

*Prebiotic micellar water* suitable for all skin types, ideal for sensitive and oily/seborrheic skin.

- **Effect**

In one simple step it cleans, removes makeup, soothes and conditions skin. No need to rinse.

- **Properties**

Its oily-water base removes all makeup and impurities from the skin and soothes, conditions and hydrates at the same time. No need to rinse.

This is a dual-phase product. Its oily component contains light emollients which prevent dehydration and irritation, while the watery part contains micelles which efficiently and gently remove makeup and impurities of any kind without leaving oily residues.

Suitable for face, neck, eyes and lips.

- **Key components**

**Bio-algae.** This prebiotic compound, with significant nutritional properties (Superfood), has been shown through external studies to have the capacity, not only to boost microbiome balance (prebiotic effect), but also stimulate regeneration of the skin's epidermal cells to produce a revitalizing and rejuvenating effect.

**Squalane** Is a natural derivative of squalene, one of the main components of sebum and the skin's hydro-lipid mantle which acts as a natural barrier. The squalane present in the range, is obtained from plant sources such as olives and covers the loss that can be caused when removing makeup or cleansing, strengthening the natural defense system.

**Bisabolol:** active obtained from chamomile. Known for its soothing and anti-inflammatory effects.

- **How to use**

Daily use. Shake well to mix the two phases. Use cotton wool or similar to apply to face, neck and décolletage. In the eye area start from the nose and sweep gently to the outer eye. Do not rinse.

- **Sales arguments**

Innovative oil-water solution with prebiotics. In one simple step it cleans, removes makeup, soothes and conditions skin. No need to rinse. Its oily component contains emollients which prevent dehydration and irritation, while the watery part contains micelles which efficiently and gently remove makeup and impurities of any kind. Doesn't leave oily residues. Suitable for face, neck, eyes and lips. Suitable for all skin types, and specifically sensitive and oily/seborrheic skin.
